

Important

COVID-19 Sample Drop-off Safety Update

Effective 5/25/20

- **Place** your DNA or RNA in the fridge or freezer per posted instructions.
- **Spray** the handles and all surfaces you touched with **70% ethanol** in the spray bottle.
- **Wipe** the inside and outside door handle with available paper towels.
- **Take** all containers, styrofoam boxes, & trash with you for disposal, please do not leave them behind.
- **Wash** your hands thoroughly after leaving.
- Samples will be **picked up** and delivered to the MBCF
Tuesdays and Thursdays @ 9am

Thank you for your cooperation.
